

8/22/2014

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-14 educational progress for the University Prep Science & Math School District and our schools. The AER addresses the complex reporting information required by Federal and some requirements of State laws. Our staff is available to help you understand this information. Please contact Benjamin Allen, Director of Achievement and Accountability (benjamin.allen@uprepschools.com) for help if you need assistance.

The AER is available for you to review electronically by clicking the following link : http://uprepschools.com/?attachment_id=2649 or you may review a copy in the principal's office at your child's school.

The report contains the following information:

Student Assessment Data – Elementary or middle school assessment results on the Michigan Educational Assessment Program (MEAP), high school assessment results on Michigan Merit Exam (MME), and assessment results for students with disabilities on Michigan's Alternative Assessment Program (MI-Access or MEAP-Access)
Presents achievement data for all five tested subjects (mathematics, reading, science, social studies and writing) compared to targets for all students as well as subgroups of students.
Helps parents understand achievement progress within schools and compare these to district and State achievement.

Accountability Scorecard – Detail Data and Status

Information is provided for the district and each school related to achievement targets in reading, writing, mathematics, science and social studies answering questions like:
Did the district (and schools) meet achievement targets for all students and subgroups of students?
Did the district (and schools) meet achievement growth targets for all students and subgroups of students?

Teacher Qualification Data

Identifies teacher qualifications at district and school levels
Reports percentage of core academic classes taught by teachers not considered highly

qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

Provides State results of the national assessment in mathematics and reading every other year in grades 4 and 8.

Review the table below listing our schools. The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases no status label is given.

School Name	Status Label	Key initiative to accelerate achievement
Elementary School	No label	Expeditionary Learning
Middle School	No label	Pull-out remediation during school day
High School	Reward	Pull-out remediation during school day

We at UPSM are excited for the upcoming 2014-2015 school year. We congratulate our graduates from the class of 2014, which was our first graduating class. There are many great things to celebrate in our schools, from the dedicated teachers in our classrooms and the engaged families in our community to the expanding array of extra-curricular activities, including a new partnership with the Detroit Yacht Club to initiate our sailing program. Although we have much to celebrate, we also recognize that we have room to grow. Our elementary school has partnered with Expeditionary Learning, which will help provide resources and personnel support to deepen students' educational experiences. The middle school and high school, which are some of the highest performing schools in the city of Detroit, will continue to improve their support programs for students who are below grade level, including time during the day for remediation as well as after-school programming. Our school families can expect to hear more about these and other exciting programs through their school open houses. We encourage all families to keep an eye out for more information from their schools as they prepare for a successful school year.

Sincerely,

Danielle Jackson, Chief Academic Officer
