

THE SCOOP

Welcome Back!

Our Food Nutritional Specialist Director, Sandra Collier, as well as the Food Nutritional Specialist Staff/Team, would like to welcome our students back to a productive and healthy school term.

Michelle Obama Initiative

The Michelle Obama Initiative aims to reduce childhood obesity and encourage a healthy lifestyle in children. The initiative has the initially stated goal of “solving the challenge of childhood obesity within the generation so that children born today will reach adulthood at a healthy weight”.

As Food Nutritional Specialist we desire a healthy living for our students. It is important that you excel scholastically as well as nutritionally.

POS (Point Of Sales Asso)

- Satara Ferrell- Purple
- Angel Jackson-Green
- Shelia Green-Yellow
- Calvin Thomas-Blue

“CHANGE WILL NOT COME IF WE WAIT FOR SOME OTHER PERSON OR SOME OTHER TIME. WE ARE THE ONES WE’VE BEEN WAITING FOR. WE ARE THE CHANGE WE SEEK”. -OBAMA

This year we look forward to having a productive, clean, and fun school term. Our Food Nutritionalist are here for you to aid as needed. Don’t be afraid to speak and ask questions. Please see our Point of Sales Associate to assist with any Nutritional need i.e. free or paid lunch, lunch applications, food allergy, lunch menu ect... We are also interested in what our students like to eat! And we’re taking suggestions. We want to provide the best lunch experience possible to our students.

Students can look forward to much more from the Food Nutritional Specialist team, like Student appreciate- on a random school day during their lunch period two students will receive a small token of appreciation. If they have the lucky tray.

Students may also receive a shoutout in the news letter for outstanding academic performance, prom-posals, homecoming winners and much more. Stay Tuned!
