University Prep Schools provides a culturally responsive educational experience for our scholars that builds that academic competence, habits of work and scholarship, and self-actualization empowering them to successfully accomplish their post-secondary plans, as well as socially and civically engaged as change agents for themselves and their community.

CREW PROFILE

Who or what inspired you to become a Kindergarten teacher?

I come from a family of educators on my mother's side of the family. They influenced me to become a teacher.

What do you love most about teaching Kindergarten scholars?

I love being able to teach and mold them at the foundational level. Kindergartens are eager and enthusiastic about learning at this age. I love seeing the light bulb come on!

What advice do you have for parents who are seeking a school for their Kindergarten scholar?

It is the first step in your scholar's educational journey, so look for a kindergarten program that is going to challenge your scholar and foster an independent learner.

How does U Prep's program prepare Kindergarten scholars for their educational journey?

U Prep's kindergarten program prepares your scholar for their educational journey because it immediately puts them on track to meet their educational goals. U Prep has high standards and expectations but also gives you all of the tools needed to succeed.

Describe a memorable experience that you had with a Kindergarten scholar in your classroom?

I will always remember Skylar Herbert. She was a very bright, outspoken scholar who was eager to learn and to teach. She always was willing to help others and to help me (even if that meant, thinking we were co-teachers)! Unfortunately Skylar passed away last year due to complications with Covid-19. She will forever be remembered.

What philosophical saying or belief do you live by?

We're all in this together!
