

## School Annual Education Report (AER) Cover Letter

February 14, 2023

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2022-2023 educational progress for UPA Mark Murray. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Cassandra Washington for assistance.

The AER is available for you to review electronically by visiting the following website <http://bit.ly/2In5rXB> or you may review a copy in the main office at your child's school.

For the 2021-2022 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2021-2022. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-2022. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-2022. Some schools are not identified with any of these labels. In these cases, no label is given.

The data in our Annual Education Report shows that we have challenges in the areas of Reading and Math for all grade levels. Our first initiative to provide students an equitable education with access to a highly rated and proven curriculum delivered by well-trained educators. We will use evidence-based data driven processes and protocols to analyze assessment data. We will continue to use data to drive our day-to-day instruction and implement interim assessments across grades levels. We have increased our professional development to build teacher capacity around identifying the skills that students need in order to successfully master common core standards.

Our school has not been given one of these labels.

State law requires that we also report additional information.

### 1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

- a. As a public school academy, we follow a structured process for enrolling students into our schools. Our policy for enrollment has remained consistent since 2013 that new students are assigned to our school by the Assistant Director of Enrollment. The process allows for siblings of currently enrolled students and children of district employees to receive priority in the enrollment process, but only if those students apply during our open enrollment period. Otherwise all students are admitted on a first-come, first-served basis.

### 2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

- a. In all core content areas, teachers worked in structured and planned PLCs. The PLCs were facilitated by a lead teacher at each grade level and the instructional coach(es) assigned to that grade. The PLCs have two focuses. They are designed to lead teachers through an analysis

protocol of recent data points (exit tickets, mid and end of module assessments, NWEA and Reading Benchmarks) and the planning of scaffolded lessons to lead students to mastery of grade level standards. The school also works collaboratively throughout the year to analyze school wide data points. In math and reading, supplementary instruction was provided to students who needed intervention during the school day and through an after-school tutoring program.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

a. Does not Apply

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION, AND AN EXPLANATION OF THE VARIANCES FROM THE STATE’S MODEL

a. The core curriculum of our school is fully aligned with the Michigan Department of Education’s Academic Standards. The curriculum is implemented from a standards-based perspective, meaning that teachers analyze grade-level standards to determine the level at which students need to demonstrate mastery of content. Teachers work individually and as collaborative teams to plan daily instruction and units. School administrators and instructional coaches also assist teams in unpacking curriculum, and they analyze student data to monitor the effectiveness of the instructional program. Electronic copies of our curriculum are available by contacting the main office. Arrangements for printed copies can be made at the office as well.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS
