WELCOME MESSAGE

Danielle Jackson

Chief Executive Officer

Welcome back U Prep Community!!!

Our vision for our U Prep School Communities is to provide a culturally responsive educational experience for our scholars that builds academic competence, habits of work and scholarship, and self-actualization empowering them to successfully accomplish their post-secondary plans, as well as socially and civically engaged as change agents for themselves and their community.

We developed our Student and Family Handbook with this vision in mind. Our handbook is designed to help you understand:

- Our Vision and Purpose,
- How Restorative Practices live in our community,
- Our programs, and
- Our Policies and Procedures.

Every year we review our handbook and make changes to reflect lessons learned, feedback from parents, students, and teachers, and with a commitment to aligning our expectations with our goals and values.

We ask that you familiarize yourself with its contents and refer to it whenever needed, so we can work together to make certain your scholar achieves their potential this year!

We are Crew!

STUDENT ATTENDANCE

OUR ATTENDANCE PHILOSOPHY

Consistent school attendance is not only legally required, but it is also critical to school success. Attendance involves arriving at school on time every day and remaining at school for the entire duration of the school day. Being present for instruction, classroom discussions, interactions with classmates and peers is essential for students to reach their goals and achieve their dreams. Chronic absenteeism creates a variety of negative outcomes for young people that include an increased likelihood of poor academic performance, difficulty maintaining positive peer relationships, and disengagement from school. Teachers, counselors, and administrators have a responsibility to work with families in meeting the goal of acceptable attendance, however the major responsibility for acceptable attendance lies with the student and parents/guardians. We must have cooperation between parents/guardians, students and school staff to ensure that students attend every class, every day, on time.

ATTENDANCE REPORTING PROCEDURES

If a student must be absent from school or tardy to a specific class or mandatory event for any reason, the parent/guardian must contact the school within 24 hours to provide a reason for the absence. Parents may provide advance warning with an email message sent to the school. Excuses must include the following information: student's name, parent/guardian's name, grade, date/period(s) of absence and reason for absence. There are no exceptions to this rule.

The following methods may be used to share this information:

- Phone - School phones record messages 24 hours a day, 7 days a week
- Written note
- In-person conversation with front desk personnel (verifying employee will record information shared. Photo ID may be requested)
- Visit to the student's home by verifying employee
- Any other reasonable method that establishes the fact that the student was absent and the reason for the absence.

When a student is absent, an automated phone call will be made to inform families of the absence. This automated call will occur whether the absence was excused or not.

ABSENCES

Please make note of the following definitions as they relate to absence from school or from individual classes:

Excused Absences

If a student is not in attendance for at least half of the instructional day, he or she is counted absent. Valid/lawful absences are based on written excuses presented by parents/guardians. When it is demonstrated that the purpose of the absence is due to an appropriate reason for lack of school attendance, the absence(s) may be considered excused. The following excuses are considered valid/lawful excuses:

- Personal illness or injury
- Death or illness of a family member
- Quarantine under direction of a county or city health officer
- Medical or dental appointment
- Attendance at a funeral service
- Participation in religious instruction not to exceed 2 hours per week
- Court appearance
- Observance of a religious holiday or ceremony
- Absence due to parental active military deployment (Student may be absent up to 1 full school day if the student's parent/guardian or sibling is a service member being deployed or returning from active duty, or up to 2 full days if the location of the deployment or return is more than 300 miles from the student's home)
- Absence due to suspension
- Absence due to participation in school- sponsored or school-related activities
- An emergency or set of circumstances, which constitutes a good and sufficient cause for absence, in the judgment of the school.

Unexcused Absences

All absences other than those outlined above are considered invalid or unlawful and may become part of a truancy determination. If there is no written excuse presented to the school within 24 hours, an absence normally considered excused will be considered unexcused.

Final course grades/credits of students shall not be penalized because of absences if the following conditions are met: 1) Absences are justified and validated for excusable or valid reasons; 2) Make up work for excused absences was completely satisfactory; 3) An appeal to have a credit reinstated was submitted to the School Director no later than thirty (30) days following the formal end of the semester. All decisions regarding the reinstatement of credit are at the sole discretion of the School Director.

TARDINESS

Punctuality is taken very seriously at University Prep Schools. Arriving late to school or class causes students to miss activities and is also disruptive to the learning process of others. Time management is an important life skill that students need to depend upon throughout their lives. All students are expected to arrive early enough to be in class and ready to learn on time. Students who have a pattern of tardiness will be subject to the same consequences as students who have a pattern of absence from school.

A student is considered tardy if he/she is not in his/her seat at the start of the school day or period of the day. If a student is late to school, he/she is to report to the front desk for a tardy slip. A note, phone call, or in-person explanation (with photo ID shown) must be received from the parent/guardian stating the reason for the tardiness. Cooperation by parents/guardians is necessary to minimize tardiness. Repeated tardiness may be grounds for disciplinary action or grade determination.

EARLY DISMISSAL REQUESTS

University Prep Schools understands that there will be times when students need to leave school early for personal reasons (doctor/dentist appointments, court date, family emergency, etc.). These should be rare and parents/guardians should make every effort to schedule such commitments for times outside the regular school day.

If a student has to leave school before the end of the school day, a parent/guardian must report to the Main Office of the school with a photo ID to check the student out. The parent will be asked to provide a reason for the early dismissal. This information will be used to determine if the early dismissal is excused or unexcused. Excused early dismissals will include the same reasons as excused absences outlined above.

In emergency situations when this is not possible, notification by phone call, email or written note may be made by a parent/guardian, provided a phone number where the parent may be reached is included. Emergency notifications must include the name of the person authorized to pick up the student, the person's relationship to the student, and a phone number where the person may be reached.

If a student is leaving on his/her own by driving, taking a bus, cab or walking, the notification must include this information as well. The school office will contact the parent/guardian by phone to verify this information.

RECORDING OF TARDINESS & EARLY DISMISSAL

Both tardiness and early dismissals are considered a form of absence. They will affect a student's attendance record in the following manner:

- 1-3 hours in a given day will be recorded as a half-day of absence
- More than 3 hours in a given day will be recorded as 1 day of absence

MAKE-UP WORK

Students should request make-up work when they are absent from school. All assignments that were given during a student's absence are to be turned in within the same number of days after the student returns.

Make-up work from excused absences will be eligible for full credit as long as it is submitted by the extended deadline. It will be within the discretion of the teacher to determine whether assignments missed during an unexcused absence may be made up and eligible for credit.

McKINNEY VENTO (HOMELESS) ACT

University Prep Schools does not discriminate against students who are homeless—during or after enrollment. It is our intent to provide all students with a free, and appropriate public education which will promote academic success. Students who are homeless must be provided services that are comparable to those offered to non-homeless students, which include:

- Transportation
- School nutrition program
- Title I services
- Other educational services for which the student is eligible

Students who lack a fixed, regular and adequate nighttime residence are eligible for services under the federal McKinney-Vento (MV) Act.

This term includes:

- Children and youth who are sharing the housing of other persons due to a loss of housing, economic hardship, or a similar reason (sometimes referred to as “double up”).
- Living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate arrangements
- Living in emergency or transitional shelters
- Abandoned in hospitals
- Awaiting foster care placement
- Children and youth who have a primary nighttime residence that is a public or private place not designed for, or ordinarily used as, regular sleeping accommodation for human beings
- Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings
- Migratory children who qualify as homeless because they are living in circumstances as described

Families are surveyed for possible MV status at the start of each school year as part of the enrollment process and are encouraged to contact the School Social Worker at any time should their housing conditions change. In the event that a student is determined as MV, absences that are related to their MV status will be deemed excused.

TRUANCY

A student is considered truant and will be reported to the School Director (or designee) if the student is:

- Absent from school 10% or more of the days of school from the first day of enrollment
- Tardy or absent for more than a 30-minute period during the school day without a valid excuse on three consecutive occasions
- Any combination of the above

ATTENDANCE INTERVENTIONS

School attendance interventions aim to address and improve student attendance rates, reducing chronic absenteeism and its negative impact on academic achievement. These interventions involve a range of strategies, such as targeted outreach and support to students and families, implementing attendance policies and tracking systems, and providing resources and incentives to encourage regular attendance.

TIER 1 ATTENDANCE INTERVENTIONS

Tier 1 students are defined as students who miss 0.0%-4.9% of school since the first day of enrollment.

STEP 1

Teachers will contact parent/guardian by phone, email, or text on the third absence from school. Teachers will document contact in PowerSchool.

TIER 1 (B) ATTENDANCE INTERVENTIONS

Tier 1 students are defined as students who miss 5%-9.9% of school since the first day of enrollment.

STEP 1

Attendance agent will monitor student attendance.

STEP 2

Attendance agent will communicate attendance policy to parent/guardian. Attendance Agent will request documents to excuse absences, discuss resources that we can offer to parents, address any barriers that may present students from attending school and remind parents the importance of attending school daily.

TIER 2 ATTENDANCE INTERVENTIONS

Tier 2 students are defined as students who miss 10.0%-19.9% of school since the first day of enrollment.

STEP 1

Truancy letter #1 will be sent home along with a copy of the attendance policy. The purpose of this letter is to let parents/guardians know that their student is in violation of network policy and Michigan law as it relates to daily attendance, in order to improve student attendance. The letter must be signed and returned to the school within 5 days. Upon receipt of the letter, the student is required to appear at school on the next regular school day.

STEP 2

Student attendance will be monitored over a period of 30 days, if the student continues to be absent from school for more than 10% of the time (cumulative since the beginning of the school year or date of student's enrollment).

STEP 3

Truancy Letter #2, requesting a conference, will be sent to the parent/guardian. A conference will be scheduled to discuss the student's attendance and to develop an intervention plan/contract.

TIER 3 ATTENDANCE INTERVENTIONS

Tier 3 students are defined as students who miss 20%(+) of school since the first day of enrollment.

STEP 1

If the student continues to maintain more than 10% absences 30 days after the conference, the student will be referred to the School Attendance Review Team (SART). The Attendance Agent may also file a complaint against the parent/guardian with the juvenile court for failure to comply with formal notice. If the parent/guardian refuses to attend a scheduled school conference, the student will be immediately referred to the SART.

STEP 2

A Home Visit for a wellness check may occur during this time period if necessary. If the parent/guardian is not home, a Door Hanger will be left on the front door requesting the parent to reach out to the Attendance Agent.

TIER 4 ATTENDANCE INTERVENTIONS

Tier 4 students are defined as students who have been referred to the School Attendance Review Team (SART) due to noncompliance of the Attendance Policy.

SCHOOL ATTENDANCE REVIEW TEAM (SART)

The purpose of the SART is to identify and remove barriers to a student's full attendance at school. It is the responsibility of school personnel to explore every possible option to address student attendance issues with the parent/guardian. The school will consider all relevant school-based and/or community-based social services that would help resolve the issues identified.

Members of the SART include the School Director or designee, the Attendance Agent, Assistant Director of Attendance, and any other school personnel deemed appropriate. The SART panel will discuss the attendance problem with the parent/guardian (and student when appropriate), define underlying issues causing the problem and develop a plan to support the student and family in maintaining a pattern of consistent and continuous school attendance

The SART panel shall direct the parent/guardian that no further unexcused absences (or in the case of students missing at least 10% of days of school, no further absences of any kind) can be tolerated.

Notice of the SART recommended corrective action(s) will be provided to the parent/guardian in writing. The parent/guardian shall be required to sign the contract formalizing the agreement to improve the student's attendance or face additional administrative action.

The contract will identify corrective actions required and will indicate that the SART panel shall have the authority to order one or more of the following consequences for non-compliance with the terms of the contract:

- Scholar retained in grade
- Loss of course credit
- Loss of school event privileges
- Required remediation plan as set by SART
- Referral to the County District Attorney for prosecution
- Filing of an educational neglect complaint with Child Protective Services

If the conditions of the SART contract are not met, it may be deemed that the parent/guardian has voluntarily withdrawn the student from school.

If a student is absent ten (10) or more consecutive days without a valid excuse and the parent/guardian cannot be reached at the phone number or address provided in the registration packet or most recently updated contact information in the school's system and does not otherwise respond to the school's communication attempts as set forth above, the student will be in violation of the SART contract, and the SART panel will recommend that the student be deemed to have voluntarily withdrawn. Upon this occurrence, notification of disenrollment will be sent to the student's district of residence update.

For all communications set forth in this process, the school will use the contact information provided by the parent/guardian in the registration packet or the most recently updated contact information in the school's Student Information System. It is the parent/guardian's responsibility to update the school with any new contact information.

STUDENT HEALTH

STUDENT HEALTH

While we encourage all students to attend school every day, an ill child typically cannot learn and may expose other students and staff in their learning environment, creating cycles of illness. Please use the following guidelines and keep your student at home if any of these symptoms are present:

- Fever of 100 degrees or greater (before medication)
- An undiagnosed rash
- An earache or draining ear
- Diarrhea or vomiting
- Severe sore throat
- Persistent or severe cough
- Persistent or severe headache
- Any known communicable disease
- Evidence of head lice

If your child has a fever of 100 degrees or greater, they must be fever-free, or without medication for 24 hours before returning to school. A child also needs to be free of diarrhea for 24 hours to return to school.

If your child's doctor diagnoses them with a communicable disease, please notify the school so we can notify parents of other students if necessary. Communicable diseases include: chicken pox, Coxsackievirus (hand, foot, mouth disease), croup, Pertussis (whooping cough), pink eye, pinworms, impetigo, fifth disease, hepatitis, flu, measles, mumps, meningitis, strep throat, lice, ringworm, and scabies.

Please notify the school when your child will be absent as well as the reason for the absence by calling the school office.

MEDICATION

Our schools do not have a nurse on staff at each school site. The school's main office staff members have basic first aid training and can deal with minor first aid needs. They are your health center point of contact.

The primary responsibility for administration of medication rests with the parent/guardian, student and medical professional. Medication will be administered during school hours only if determined to be necessary by a physician. When this occurs, parents should bring medication to school in its original container with written instructions for administering the medication. Designated school personnel will keep records of the medication administered at school per the instructions of the physician. All medication must be kept in a secure storage location and administered per physician's instructions by designated staff.

Designated staff will return all surplus medication to the parent/guardian upon completion of the regimen or prior to summer holidays.

In order for students to be assisted by designated school personnel in taking prescription, including insulin shots, parents/guardians must provide University Prep Schools with a written and signed statement from a physician detailing the name of the medication, method of administration, dosage and time schedule by which the medication is to be taken, and a written statement from the parent/guardian requesting school personnel to administer the medication. These statements must be updated at least annually. Designated staff members will establish emergency procedures for specific medical conditions that require an immediate response (e.g., allergies, asthma and diabetes), consistent with instructions from the parent/guardian/physician.

- *For 6-12 grade students, certain medications (with written doctor prescription) may be carried by students.*

Middle and High School students may keep inhalers for asthma conditions; certain over-the-counter medicines (e.g. Tylenol, Motrin and supplements like glucose tablets) in their possession. Students are prohibited from sharing any medications, whether prescribed or over-the-counter with any other students.

University Prep Schools will not be responsible for any adverse reactions to medications self-administered by students without the knowledge of University Prep Schools staff, faculty or administration.

STUDENT DRESS CODE

University Prep Schools' student dress code supports equitable educational access and is written in a manner that does not reinforce stereotypes.

To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently and in a manner that does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size.

Our Beliefs Are:

- We believe all students should be able to dress comfortably for school and engage in the educational environment without fear of, or actual, unnecessary discipline or body shaming.
- We believe all students and staff should understand that they are responsible for managing their own personal "distractions" without regulating individual students' clothing/self-expression.
- We believe student dress code enforcement should not result in unnecessary barriers to school attendance.
- We believe school staff should be trained and able to use student/body-positive language to explain the code and to address code violations.
- We believe teachers should focus on teaching without the additional and often uncomfortable burden of dress code enforcement.
- We believe reasons for conflict and inconsistent and/or inequitable discipline should be minimized whenever possible.

Our Student Dress Code is Designed to Accomplish Several Goals:

- Maintain a safe learning environment in classes where protective or supportive clothing is needed, such as chemistry/biology (eye or body protection), dance (bare feet, tights/leotards), or PE (athletic attire/shoes).
- Allow students to wear clothing of their choice that is comfortable.
- Allow students to wear clothing that expresses their self-identified gender.
- Allow students to wear religious attire without fear of discipline or discrimination.
- Prevent students from wearing clothing or accessories with offensive images or language, including profanity, hate speech, and pornography.
- Prevent students from wearing clothing or accessories that denote, suggest, display or reference alcohol, drugs or related paraphernalia or other illegal conduct or activities.
- Prevent students from wearing clothing or accessories that will interfere with the operation of the school, disrupt the educational process, invade the rights of others, or create a reasonably foreseeable risk of such interference or invasion of rights.
- Prevent students from wearing clothing or accessories that reasonably can be construed as being or including content that is racist, lewd, vulgar or obscene, or that reasonably can be construed as containing fighting words, speech that incites others to imminent lawless action, defamatory speech, or threats to others.
- Ensure that all students are treated equitably regardless of race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size as a means to continue to create the school community we all strive to be a part of.

GRADING POLICY

University Prep Schools has a standards-based grading policy that focuses on assessing student mastery of specific learning standards or objectives rather than relying solely on traditional letter grades. It shifts the focus from measuring a student's overall performance to evaluating their understanding of key concepts and skills. Under this policy, students are assessed based on their ability to meet predetermined criteria for each standard, providing a clear and detailed picture of their strengths and areas for improvement. This approach encourages a growth mindset, as it allows students to track their progress and provides targeted feedback to guide their learning. It also promotes transparency and consistency in grading, as teachers use a common set of standards to evaluate student achievement. Our grading policy aims to foster a deeper understanding of subject matter and encourage lifelong learning.

K-5 GRADING SUMMARY

- K-5: Approximately two grades per subject (Math, ELA) should be entered weekly, to include 1-2 formative assessments
- K-2 Social Studies/Science: Approximately one grade should be entered weekly based on the semester content area (fall = social studies and spring = science)
- 3-5 Social Studies/Science: Approximately one grade per subject should be entered weekly
- Student grades also include Unit-Assessments, Mid-Unit Assessments and Module Assessments to occur based on subject pacing

6-12 GRADING SUMMARY

- Approximately two grades per subject should be entered weekly for the four core content areas
- Student grades also include Unit-Assessments, Mid-Unit Assessments and Module Assessments to occur based on subject pacing

University Prep Schools uses PowerSchool to store student grades. By logging into PowerSchool, students and families can view grades, assignments, and attendance, allowing everyone to stay actively involved in the learning journey. For more information about accessing PowerSchool, please contact an administrator for your campus.

PROMOTION & RETENTION

Optimal achievement is obtained when the School's students experience success in their daily activities and build upon successful experiences as they encounter new learning situations. All aspects of the student must be considered as grade placements are made.

DEFINITIONS

A. Promotion:

- Promotion occurs when a student is doing the caliber of work that indicates the student has met the criteria as stated below.

B. Retention:

- Retention occurs when a student is not doing the caliber of work that indicates the student should be promoted to the next grade, based on the recommendation of the Student Intervention Team with the concurrence of the School Leader.

C. Student Intervention Team:

- A Student Intervention Team is to be appointed by the Educational Service Provider each year to consider situations in which students may not be promoted to the next grade or may not graduate. Such a team should include the following:
 - classroom teachers
 - district staff
 - counselors and other support staff
 - School Leader
 - parents

Final decisions on student promotion, placement, or retention rest with the Educational Service Provider.

CRITERIA FOR CONSIDERATION

A. Elementary Level

- When the Student Intervention Team is convened, the following criteria shall be considered:
 - a. current level of achievement
 - a. potential for success at the next level
 - a. emotional, physical, social maturity

B. Intermediate Level

- To be promoted the student must successfully complete a majority of the required academic subjects.

Time Line for Grade Placement Changes:

- Early March: Teacher will notify the School Leader, if an alternative grade placement or retention is being considered. The Student Intervention Team will be convened by the School Leader to make a determination.
- Early April: If placement or retention is still being considered, parents should be notified at least by this time, and their commitment to the decision secured.

C. High School Level

- For the official records, student class placement will be determined by their core credit attainment.

Students enrolling from other high schools having different graduation requirements will have their credits pro-rated for class placement.

CREW AT THE U

University Prep Schools’ culture is planned for, developed, and sustained through practices that bring the community together, promote shared understandings, and encourage all community members to become crew, not passengers. Our students are known well and supported by adults. In University Prep schools, each student is known well by at least one adult within the school. One structure for developing this relationship—and supporting students socially, emotionally, and academically—is Crew.

The structure of Crew leverages restorative practices to allow for relationship building, academic progress monitoring, and character development. Crew allows students to build positive connections with their peers and with their Crew leader. Crew leaders strategically plan Crew to address and assess these multiple goals.

RESTORATIVE PRACTICES

The use of Restorative Practices has been shown to be a highly effective way to build and maintain a positive school culture that supports a safe, productive and high performing learning community for students and adults in school settings. The use of Restorative Practices allows University Prep Schools' students to experience some of these important aspects of community:

- Respect and Safety
- Consideration and Appreciation
- Encouragement and Belonging
- Empathy and Inclusion

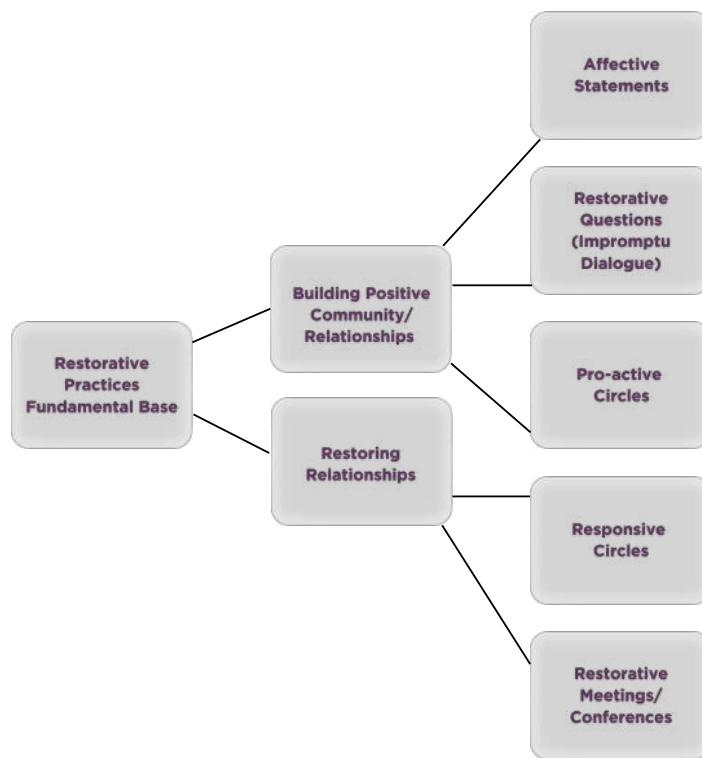

Our goal at University Prep Schools is to prepare students to take on challenges academically and in life. As a community we are moving forward with that agenda by implementing Restorative Justice Practices as the foundation for our schools' culture. Restorative Practices are focused on building **POSITIVE RELATIONSHIPS** through **COMMUNITY** dialogue related to situations that cause **HARM**. Participating in **RESTORATIVE** Practices offers students an opportunity to repair their wrongdoing.

Through Restorative Practices, members of the University Prep Schools community will understand that relationships are central to building community. In addition, it's our intention that community members will make positive changes when those in a position of authority do things **WITH** them rather than **TO** them or **FOR** them. This approach allows for University Prep Schools to establish a culture of **HIGH** expectations with **HIGH** support for all community members. Using Restorative Practices, benefits our school by having a more efficient teaching and learning environment. Lastly, Restorative Practices puts a greater emphasis on responses to inappropriate behavior that seek to reconnect and restore relationships with young people versus creating disconnections.

RESTORATIVE PRACTICES PRINCIPLES & VALUES

- Acknowledges that relationships are central to building community
- Ensures equity of voice among all members of the community. All voices are valued. Everyone is heard
- Establishes a culture of high expectations with high support, emphasizing doing things “with” students/stakeholders, not “to” or “for” them
- Builds systems that address misbehavior and harm in a way that strengthens relationships and focuses on the harm done rather than only rule breaking
- Engages in collaborative problem solving
- Enhances accountability, responsibility, and empowers change and growth for all members of the community

RESTORATIVE PRACTICES CONTINUUM

Affective Statements is the starting point for all restorative processes in the University Prep Schools community. It is an active process that demands strategic non-judgmental listening and expression of feeling and impact. Affective statements allow stakeholders (students, staff, parents/guardians, etc.) to build positive relationships by authentically presenting themselves.

Restorative Questions is a systematic approach to help those harmed by others' actions, as well as those who have committed the harm, process the incident. Sample questions include the following: What happened? What were you thinking at the time? What have you thought about since?

Proactive and Responsive Circles are used for community building and problem-solving. They enable a group to build relationships in a non-threatening way. They provide students with the opportunity to express their opinions. They are also used to address wrongdoing in the community.

Restorative Meetings/Conferences involve several stakeholders (e.g., those who have caused harm, those who have been harmed) and are focused upon understanding each other's perspectives and coming up with a mutually agreed upon plan that will repair the harm as much as possible.

ANTI-BULLYING POLICY

University Prep Schools recognize that a safe and civil environment within the school community is necessary for students to learn and achieve high academic standards. The District finds that bullying, like other disruptive or violent behavior, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment.

This policy prohibits bullying against students in any form, regardless of its subject matter or motivating animus. Retaliation or false accusation against a target of bullying, a witness or another person with reliable information about an act of bullying, is also prohibited.

The CEO shall ensure implementation of this policy and develop ongoing strategies for environmental change that are shared annually with all district staff.

The Board of Education delegates to the CEO the function of implementing administrative procedures which provide for notification of the parents or legal guardians of both victims and perpetrators of bullying.

DEFINITIONS

Bullying - any written, verbal or physical act, or any electronic communication, that is intended or that a reasonable person would know is likely to harm one or more pupils either directly or indirectly by doing any of the following:

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken.

RECORD-KEEPING
